Mr. and Mrs. Thos. Thirk of Dried Meat Lake, who have been on an extended visit to friends in Ontario, returned home on Monday's train. They report having had a pleasant outing, but are glad to get back to the land of the prairie. While Mr. Thirk was in London a Free Press reporter interviewed him and the next morning's issue contained over a column as a result of the interview. It states that in Mr. Thirk is afforded an instance of a wealthy farmer, the owner of 900 acres of choice wheat land, requiring it to other lands, and at fifty-five years of age once more taking Horace Greeley's advice and coming to a new country, where he is 50 miles from a railroad. He took \$20,000 out of London, and now has 2,500 acres of better land in the land of the prairie than he has money in his pocket. In reply to a query as to why the people of the states were making so much trouble for him, Mr. Thirk said it was because they could not get their land for good prices in the states and get good farms for next to nothing here. They wish to move because they have families growing up who need farms. Mr. Thirk said that the country is being peopled so quickly we are sure to have railways in a very short time. There is no fuel famine on the Red River. Soft coal of the quality of Hocking Valley is found at every turn in the river, and can be had for the digging. There is in addition an abundance of poplar wood. As an evidence of the rapid springing up of a population, he said that although he was the first settler in his school section five miles square, and had been in only a year ago, there is already a school house 24x40 feet with an attendance of forty scholars.

Church Chimes.

The subject of the Baptist church's Lent's Day evening will be "A Prince's Aspiration."

A missionary service was conducted in the Methodist church last Sunday morning. The evening service was especially to young men. The pastor delivered excellent sermons on both occasions.

Before the J. P.

John Vins was arraigned before Magistrate Haynes Saturday last and was fined \$2.50 and costs for driving a motor car without a license. This should be a lesson to those who violate the law.

On last Saturday Andrew Allins was charged before J. A. O'Neill, J. P., with attempting to murder his brother George Allins. In the result the accused was committed for trial at the next sitting of the Supreme Court here, but the justice evidently took a flight view of the case for he admitted him to bail on his own recognizance. E. D. H. Wilkins appeared for the prosecution and M. E. O'Brien for defence.
